New Business

Non-degree Graduate Catalog policy proposal

Dr. Bressette introduced revised catalog policy language increasing flexibility of students to take courses as non-degree students beyond the 9-hours previously indicated, by permission. Dean McDowell suggested adding flexibility by allowing graduate students to take non-degree courses for certification/licensure not limited to the Education school. Dr. Richardson commented that can certainly be amended and will be entertained for a vote in the next meeting.

Other business:

Dr. Richardson inquired about whether a cohort in Bartow County will make? Dr. Nelson said the deadline is the 17th but it doesn't look like it will.

The next meeting will be January 19, 2016.
